### Senate Bills

---

**SB 6062-S** by Senate Committee on Ways & Means  
(originally sponsored by Senators  
Gardner, Spanel, West and Oke)

Providing a sales and use tax deferral for natural gas-fired energy generating facilities sited in rural areas.

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Authorizes a sales and use tax deferral for natural gas-fired energy generating facilities sited in rural areas.

Provides that each recipient of a deferral granted under this act shall submit a report to the department on December 31st of the year in which the facility is certified by the department as having been operationally completed, and on December 31st of each of the seven succeeding calendar years.

Requires the report to contain information, as required by the department, from which the department may determine whether the recipient is meeting the requirements of this act. If the recipient fails to submit a report or submits an inadequate report, the department may declare the amount of deferred taxes outstanding to be immediately assessed and payable.

Expires July 1, 2002.

**-- 2000 REGULAR SESSION --**

Feb 24 WM - Majority; 1st substitute bill be substituted, do pass.

Passed to Rules Committee for second reading.

**SB 6853-S** by Senate Committee on Human Services  
& Corrections (originally sponsored by  
Senators Long and Hargrove)

Creating a pilot program for supervision of juvenile offenders with mental disorders and chemical abuse disorders.

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Finds that juvenile offenders who have co-occurring mental and chemical abuse disorders have a greater risk of committing additional offenses than those who do not have co-occurring disorders.

Finds that juveniles who receive more extensive postrelease discharge planning and community mental health services are less likely to commit additional offenses.

Declares an intent that juveniles participating in the study created by this act receive research-based, integrated, and highly individualized mental health and chemical abuse treatment that emphasizes family and community involvement, low caseloads, home or residence-based services, is time-determinate to the extent appropriate, focuses on the juvenile's peer and social structures,

promotes reduction of factors associated with reoffending, and emphasizes prosocial contacts and behaviors.

Finds that juvenile offenders with co-occurring disorders are likely to lack necessary skills or emotional stability to appropriately deal with the consequences of their disorders or to even understand how or where to seek assistance. The legislature also finds that juvenile offenders with co-occurring disorders are more likely than not to lack the education necessary to obtain full or meaningful employment opportunities.

Declares an intent to create a pilot program to provide for postrelease planning for, and treatment of, juvenile offenders with co-occurring disorders in order to determine the most effective treatment for juveniles in this situation. The pilot program created by this act shall include a rigorous and objective evaluation component.

**-- 2000 REGULAR SESSION --**

Feb 24 HSC - Majority; 1st substitute bill be substituted, do pass.

And refer to Ways & Means.

Referred to Ways & Means.

**SB 6857** by Senators Winsley and Franklin

Modifying nursing facility certificate of need requirements.

Amends RCW 70.38.111 and 70.38.115 relating to nursing facility certificate of need requirements.

**-- 2000 REGULAR SESSION --**

Feb 25 First reading, referred to Health & Long-Term Care.
